

# WRITEBOARD™

CLEAR IDEAS. | CLEAR SOLUTIONS. | CLEAR PERFORMANCE.

## TRANSFORM YOUR SPACE

WRITEBOARD glass marker boards are the game-changing alternative to traditional whiteboards. Sophisticated, beautiful, and highly functional, they'll help you see your success.

MADE IN MINNESOTA

# TIME FOR SOMETHING NEW

WRITEBOARD glass writing boards help you communicate, innovate, and collaborate. They are the ideal solution for presenting information, working out problems, or staying organized.

Write on them with permanent or dry-erase markers – even crayons. They never ghost or stain and come 100% clean every time. It's impossible to ruin a WRITEBOARD with the wrong kind of marker.

WRITEBOARDS are manufactured to fit your space. They make it easy to turn your office into a stunning showplace. Perfect for conference rooms, offices, cubicles, and common areas. Our exclusive graphic process allows you to showcase your brand and integrate photos, designs, or functional graphics like calendars or charts. They can be magnetic, giving you the additional option of using them as a bulletin board.

Choose a product without replacement costs, recurring costs, or maintenance costs. WRITEBOARDS will stand up to everyday use for years. Made of tempered "safety" glass, the surface won't ghost, stain, etch, or mar. Install WRITEBOARDS one time and be done.

WRITEBOARDS can also function in many other ways. As tabletops. Signage. Calendars. Memory Boards. Backsplashes. Dividers. The capabilities are endless.

---

**Twin Cities businesses will save significantly by eliminating expensive "freight and crate" costs.**
